Virtual Dementia Tour

Presented by Melissa Long, CTRS, CDP, CADDCT, BF-CMT, Director of Education and Support for Insight Memory Care Center. Melissa is a certified recreational therapist, Certified Recreational Therapist, Certified Dementia Practitioner, and a Licensed BCAT® Practitioner. Melissa has been providing care to older adults for 19+ years.

The Virtual Dementia Tour (VDT) is designed to help simulate the effects of dementia. A trained facilitator will guide participants outfitted with patented devices that alter their senses while they try to complete common everyday tasks and exercises.

The tour enables caregivers to experience for themselves the physical and mental challenges those with dementia face, and use the experience to provide better person-centered care.

RSVP by Friday, June 16th

Join us for this FREE Community Event

Monday, June 19th

1:00 - 3:00 p.m.

Sign up for a specific time slot; only two are available each half-hour. Pick your slot today to gain better insight into caring for those with memory impairments!
